

Look what a DEBIT CARD can do for you

A debit card is a pre-paid access card that provides parking in an available garage and automatically deducts value at a DISCOUNTED hourly rate. You pay for just the time spent in the garage. Recharge the card when your balance is running low.

- Transit Users – Provides you with parking on those days you choose to drive to work.
- Part Time Employees / Car Pooling – You pay an hourly rate for just the time you spend in the parking garage.
- Employee Incentive / Recognition – Say thanks with real value and convenient parking.
- Vendors & Customers – Provide garage access for those who regularly visit your business but do not need daily access.
- Downtown Fun – Going shopping? The symphony or the Delta Center? For any downtown event, your parking is already paid.
